PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 1st March 1913.

READ—

Petition dated the 25th October 1911, from Devamma of Chandgal village in the Seringapatam Taluk, appealing against the order of the Revenue Commissioner in Mysore in the matter of the claim of one Bore Gowda to irrigate his Survey No. 187 of the village by water flowing through her land.

2. Correspondence ending with letter No. 7213, dated 23rd January 1912, from the Revenue Commissioner in Mysore, submitting a report on the petition with the connected records.

No. R. 4756-64—L. R. 255-11-4, DATED BANGALORE, 1ST MARCH 1913.

ORDER THEREON.—The respondent is the mortgagee with possession of Survey No. 187. He complained to the Amildar of the Seringapatam Taluk that the appellant had dammed up a channel flowing through her land, Survey No. 186, and irrigating Survey No. 187. The Deputy Amildar, French Rocks, to whom the complaint was transferred for disposal, fined the appellant Rs. 5 under Section 1 of the Channel Rules, published with the Chief Commissioner's Notification No. 326, dated the 13th March 1874.

2. On appeal the Sub-Division Officer quashed the conviction for want of sufficient proof of the obstruction of the channel and of the right of Bore Gowda to irrigate his land by that channel.

3. Against this order Bore Gowda appealed to the Deputy Commissioner, who, in confirming the same, observed that, according to Survey Accounts, the irrigating channel for Survey No. 187 took off from the main channel and ran through Survey Nos. 193, 190, 189 and 191.

4. Bore Gowda preferred a second appeal to the Revenue Commissioner (Mr. A. Rangaswamiengar) who passed an order in accordance with a compromise entered into before him between the parties, by which the appellant undertook to purchase the rights of the respondent in the land for Rs. 2,965 by a certain date and, in default, to allow him to take a channel through her Survey No. 186.

5. The present appeal is preferred by Devamma, who prays that the Revenue Commissioner's order may be set aside as the rajinama was entered into under a mistake of fact and the Revenue Commissioner's adjudication was on a matter that did not arise in the case.

6. Government observe that the only question for decision in the case was whether or not the appellant committed an offence punishable under Section 1 of the Channel Rules. The Deputy Amildar convicted the appellant and on appeal, the Sub-Division Officer quashed the conviction. This order was final and no further appeals should have been permitted as, obviously, the powers of appeal and revision provided for in the Land Revenue Code are not applicable to channel offences. Government, therefore, consider that the proceedings before the Deputy Commissioner and the Revenue Commissioner were *ultra vires* and irregular and should be set aside. The decision of the Sub-Division Officer is restored.

Proceedings of the Government of His Highness the Maharaja of Mysore.

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 91 of 1911-12.

Appellant	*vs.*	*Respondent.*
B. Puttuswamiah, son of late Mr. B. Gangiah, Kottige, Bangalore City.		1. Veeramma, widow of late Mr. B. Mari Gangiah. 2. Mahadevamma, daughter-in-law of late Mr. B. Mari Gangiah.

Subject.

Appeal against the order of the Revenue Commissioner directing that the patta of lands under Pombarahalli tank, Mulbagal Taluk, which stood in the name of the Appellant's father be made out in the name of one of the respondents.

Facts of the case.

In 1898 the late Mr. B. Gangiah, the father of the appellant, applied for the lands in question and in consideration of the good services rendered to the State by Mr. Gangiah and his brother Mr. Mari Gangiah and the reduced circumstances of the latter's family, the lands were granted in Government Order No. R. 6028-9—R. M. 77-04-3, dated the 10th January 1905. Mr. Gangiah was registered as the occupant and on his death on 22nd December 1910, his son Puttaswamiah, the appellant, applied for the transfer of the patta to his name which was accordingly ordered by the Jamabandi Officer on the 15th April 1911 and this was further confirmed by the Deputy Commissioner on 6th January 1912.

Against this order, the respondents appealed to the Revenue Commissioner who ordered that the patta should be made in the name of Mr. Mari Gangiah's daughter-in-law or widow as the lands were expressly granted by Government as a provision for the family of Mr. Mari Gangiah though Mr. Gangiah was registered as the occupant as he was looking after the family.

The present appeal is against this order.

The case came on for hearing on the 25th January 1913, when the parties represented by their advocates Messrs D. Venkataramayya and B. Subbanna, respectively, were present and heard.

Order.

On the death of the registered occupant, the Jamabandi Officer (Assistant Commissioner) transferred the patta to his son, the present appellant; and the order was confirmed by the Deputy Commissioner on appeal. The respondents appealed to the Revenue Commissioner, and after receiving a report from the Deputy Commissioner and without issuing any notice to the appellant, he directed that the lands should be registered in the name of either of the respondents.

Under Section 68 of the Land Revenue Code, it is incumbent on the Deputy Commissioner to register the name of the deceased occupant's son or other principal heir. The reason given by the Revenue Commissioner to justify a departure from this imperative rule of law, is that the lands had been obtained from Government expressly as a provision for the family of his brother. There is some ground for assuming that this was so; but that by itself would not justify the ignoring of an express provision in the Code. It is doubtful whether if the respondents go to a Civil Court their claim to the lands would be recognized solely on the strength of statements contained in Mr. Gangiah's darkhast for the lands. But whatever that may be, the Revenue Commissioner was neither called upon nor empowered to give the respondents the advantage of being registered as occupants. The fact would indeed be of little substantial use to them, as either way, their right to the lands would be little affected by the mere registry in the accounts. The order of the Revenue Commissioner is therefore reversed and it is directed that the lands in dispute be registered in the khate of the appellant.

Letter No. 535, dated the 2nd June 1912, from the Deputy Commissioner of the Chitaldrug District, stating, with reference to the observation of Government in their Order No. R. 7282-92—L. R. 230-11-3, dated 28th May 1912, that the Taluk Treasuries of Challakere, Davangere, Jagalur and Hosdurga were not at all inspected during 1910-11, that the said Treasuries were inspected by the District Treasury Officer and that this fact had been mentioned in the District Administration Report.

No. R. 4900-4909—L. R. 230-11-6, DATED BANGALORE, 11TH MARCH 1913.

ORDER THEREON.—In the circumstances reported by the Deputy Commissioner, the Taluk Treasuries of Challakere, Davangere, Jagalur and Hosdurga will be omitted from the list of treasuries enumerated in para 7 of Government Order No. 7282-92—L. R. 230-11-3, dated 28th May 1912, as not having been inspected at all during the year 1910-11.

2. Government take this opportunity of inviting the attention of Deputy Commissioners to Government Order No. 8547-55—R. F. 213-92, dated 11th December 1892, and to their Order No. Fl. 1329—R. F. 213-92, dated 23rd November 1903, to the Comptroller, emphasising the necessity for a detailed inspection of each Taluk Treasury not less than *once in six months*; one of such inspections should be made by the District Treasury Officer and the other either by the Deputy Commissioner or by one of his other Assistants.

Government Proceedings No. 8547-55—R. F 213-92, dated 11th December 1892 issuing instructions on the subject of inspection of Treasuries in the Mysore State.

2. Para 62 of Government Proceedings No. Fl. 1150-1192, dated 7th February 1903.

3. Correspondence ending with letter No. 472-88, dated 25th July 1903, from the Comptroller, Mysore Government.

No. Fl. 1329—R. F. 213-1892, DATED BANGALORE, 23RD NOVEMBER 1903.

ORDER THEREON.—With reference to para 62 of Government Order No. Fl. 1150-1192, dated 7th February 1903, requesting the Comptroller to issue instructions for a systematic annual examination of the accounts of each Sub-Treasury, the Comptroller submits a copy of the circular instructions which he proposes to issue. In alluding to the responsibility of the Deputy Commissioners for the proper management of all Treasuries in their districts, the Comptroller says that he will inspect either personally or by one of his Assistants such District Treasuries as require special inspection, with a view to examine and report on matters requiring local and detailed investigation as required by Article 341 of the Civil Account Code. As this provision is however somewhat conflicting with clause 2 of Government Order No. 8547-55—R. F. 213-92, dated 11th December 1892, which requires the *Comptroller to inspect not less* than once in every two years, every District Treasury in the State, it may be omitted. In this connection the Comptroller is requested to report, at once, separately how far these instructions have been carried out during the past two years.

Land Revenue, dated 11th March 1913.

2. It is proposed that, in addition to the half-yearly inspections of Sub-Treasuries by the Deputy Commissioner or one of his Assistants, there should be two more inspections in a year by the Treasury Assistant Commissioner. Four inspections in a year are unnecessary. Government consider it sufficient if one at least of the half-yearly inspections prescribed in clause 1 of the Government Order of 11th December 1892 be conducted thoroughly by the District Treasury Officer.

3. The form for Treasury inspection now laid down may be improved by inclusion of such matters as are required to make the inspection thorough according to para 62 of the Order of February 1903. The Treasury Officer's report should, as at present, come to the Comptroller through the Deputy Commissioner. If this shows that further examination by an expert is necessary, the Comptroller may depute a qualified officer of his establishment for the work.

4. The Comptroller is requested to submit a revised circular in accordance with these views for the approval of Government together with a proper table of questions for the inspection of Treasuries.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following papers relating to the settlement of the Agumbe Forest Block in the Tirthahalli Taluk.

1. Letter No. 10334, dated the 14th March 1912, from the Revenue Commissioner in Mysore :—

I have the honour to forward herewith for the orders of Government, letter No. 106, dated 30th September 1911, from the Forest Settlement Officer in Mysore, together with the enclosures in original, received through the Deputy Commissioner, Shimoga District, with his letter No. 264, dated 28th October 1911, reporting on the conclusion of the settlement of the Agumbe forest block in the Tirthahalli Taluk, and to state as follows.

Copy attached for reference.

2. The block, as settled, covers an area of 12,952 acres and 22 guntas or 20·23 square miles and affects five villages. It is on the South Canara frontier and is of heavy rainfall in the malnad tract.

3. The Forest Settlement Officer concedes that the raiyats of these parts should be accorded liberal treatment in the matter of grazing owing to the scanty growth of grass and the great mortality among cattle on account of bad climatic conditions and danger from wild beasts. He has fixed lump sum grazing fees to be levied from each village for grazing in the State Forests, but the Deputy Commissioner objects to such a fee in the case of the Shuntihakkalu village as nearly all its gomal, with the exception of 6 acres, has been included within the block, and says that it is desirable to exempt this village from the payment of any fee. The Deputy Commissioner's objection appears to me to be very reasonable.

4. As regards soppu and fuel, the Deputy Commissioner recommends more liberal grants than what is conceded by the Forest Settlement Officer. In fully agreeing with the Deputy Commissioner, I would recommend that the quantities, as suggested by the Amildar, in this respect, may be adopted.

5. Eighteen claims were preferred before the Forest Settlement Officer, of which five concerned right of grazing, three right of way, and ten right not falling under any of the two heads mentioned. All the claims about free grazing were rejected, and the three rights of way admitted. As regards the others, nine out of the ten were admitted, one being rejected. The rejected claim was in respect of the demarcation line being shifted away from the cultivated Survey Nos. 233 and 246 of the Hosur village. The Deputy Commissioner suggests for consideration whether some portions of the survey numbers in question should not be acquired, under the Land Acquisition Regulation, so as to allow the usual margin between the demarcation line and the edge of cultivation.

6. It is reported that no appeals were preferred to the Deputy Commissioner against the decisions of the Forest Settlement Officer, and that the raiyats affected by the reservation have no objection to the constitution of the block into a State Forest.

7. The Deputy Commissioner is also agreeable to the reservation and the final Notification may, therefore, issue, having due regard to the observations noted above.

ENCLOSURE 1.

Letter No. 264, dated 24th October 1911, from the Deputy Commissioner, Shimoga District, to the Revenue Commissioner in Mysore.

1. Letter No. 107, dated 30th September 1911, from the Settlement Officer with statement.
2. Register "B."
3. Register "C."
4. Draft Notification.
5. Topo Tracing.
6. Map.

I have the honour to forward herewith the marginally noted papers relating to the settlement of the proposed Agumbe State Forest received with the Forest Settlement Officer's letter No. 106, dated 30th September 1911.

2. The area comprised by the block is a vast one on the South Canara frontier, the reservation of which affects five villages, in which supari and rice are the only crops raised. The tract is one subject to a very heavy rainfall, where pasture is small and cattle do not thrive well. The Settlement Officer has consequently been obliged to allow the raiyats of these villages to exercise the privileges under the Malnad Ryots' Privileges Rules. The quantities of "Soppu" and fuel allowed by him for each family. *Vide* statement appended to his report do not meet fully the requirements of the malnad raiyat, as the quantities

specified in the settlement appear to be only what are considered to be the minimum quantities required by the raiyats. As the fuel available in the malnad is of a very inferior kind, and as it is necessary to afford proper facilities for the up-keep of the valuable Supari gardens in this tract, I would recommend that more liberal grants may be allowed to the raiyats of these parts.

3. All the villages affected by the reservation have been charged with lump sum grazing fees for the pasture allowed to the village cattle within the State Forest. The levy of grazing fees in the case of "Shuntihakkalu" village does not seem to be fair, as nearly all the gomal land allowed to this village, at the time of the settlement, has been included within the block, and it is desirable to exempt this village from the payment of any grazing fee.

4. The demarcation line touches Survey Nos. 233 and 246 of Hosur village. As the Settlement Officer says that it is not possible to shift the line from its present position, it is a question for consideration whether portions of these lands may not be acquired under the Land Acquisition Regulation, so as to allow a clear margin between the demarcation line and the edge of cultivation.

5. With these observations, I am of opinion that the proposed block as settled by the Forest Settlement Officer may be notified under Section 17 of the Mysore Forest Regulation.

ENCLOSURE 2.

Letter No. 106, dated Bangalore, 30th September 1911, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. P. Puttanna Chetty, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the proposed Agumbe Forest in the Tirthahalli Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation was issued by Government with Government Order No. R 5546—Ft. 139-07-2, dated the 26th February 1908, which was published in the *Mysore Gazette*, Part I (English) dated the 5th March 1908, on pages 189 and 190. The proclamation under Section 5 of the said Regulation was issued by my predecessor Mr. M. Shama Rao, M.A., and the same appeared on pages 147 and 148 of the *Mysore Kannada Gazette*, Part II, dated the 26th March 1908. The proclamatory notices were served on the affected villagers through the Amildar of the Tirthahalli Taluk.

3. The tract in question was inspected and perambulated by me on 21st December 1910 and 22nd December 1910, in company with Mr. Y. Narasinga Rao, Amildar of the Tirthahalli Taluk and Mr. H. S. Krishnappa, the Range Officer. The raiyats of the affected villages had no objection to the formation of the block in question as a State Forest provided ample provision was made for fuel for domestic and other purposes, and green leaves for manure for their wet and bagayat lands, in addition to free grazing. Taking into consideration the peculiar circumstances of the raiyats in 'Malnad' and considering the fact that these raiyats have been enjoying certain special privileges in the District Forests, in malnad (See Government Order No. R. 7375—Ft. 164-04-9, dated 17th March 1909). I decided that they be entitled to exercise within the reserve all the rights and privileges conferred upon them by the said Government Order. But as under clause 3 of Section 12 of the Forest Regulation, it is obligatory on my part to specify the extent of the concessions granted to the raiyats in the reserve in question, I subsequently collected information regarding the minimum quantity of fuel required by each family for domestic and other purposes as also the quantity of soppu necessary for manuring each acre of bagayat lands, and beg to submit herewith a statement furnishing the above information (Appendix A) for the approval of Government.

In the matter of grazing also the raiyats of these parts have to be accorded liberal treatment, owing to the scanty growth of grass in the evergreen malnad forests and the great mortality among the cattle on account of climatic conditions in addition to the casualties caused by wild beasts. I have therefore fixed a moderate lump sum of grazing fees in the case of each village for grazing their cattle in the State Forest.

4. The following 18 claims as recorded in the 'B' Register were preferred to me :—

(i) Right of free grazing	5	18
(ii) Right of way	3	
(iii) Rights not falling under any of the above	10	

All the claims in (i) were rejected and all the claims in (ii) were admitted; out of 10 claims in (iii) nine were admitted and one rejected.

Revenue (Forest), dated 11th March 1913.

5. The Deputy Commissioner of the Shimoga District intimated to me in his letter No. 4997, dated 13th—17th April 1911, that no appeals were preferred to him against my settlement decision.

6. The following records are herewith submitted :—

1. 'B' Register.
2. 'C' Register.
3. Boundary Notification.
4. Sketch Map.
5. Topo Tracing.

7. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

1	Venkataramaniah, resident of Pulkode, hamlet of Tallur, on behalf of the raiyats.	21st Dec. 1910 ...	States that if the villagers are allowed to exercise their rights and privileges conferred on the malnad raiyats in the Agumbe Reserve, they have no objection for the same being made a State Forest.	.....	The concession asked for may be granted.	Claims 1, 6, 9, 13 and 16 The raiyats of the villages affected by the reservation of the Agumbi Block, *viz.*, Talku, Hosur, Desankodagi, Shunthaklu and Shivalli are in favor of the formation of the proposed State Forest provided their rights for the use of soppu, fuel and other forest produce referred to in the rules relating to the grant of certain privileges to the malnad raiyats under Government Order No R. 7375—Ft. 164-04-9, dated the 17th March 1909, are respected. The Range Officer who attended the enquiry is of opinion that the raiyats' privileges under the existing rules may be conceded to except in the case of the removal of green wood for purposes of fuel from the unreserved and unclassified trees and that in lieu of it they may be allowed to remove dead-wood (jungle wood) for the said purpose. But, considering the incessant and heavy rainfall in the malnad for more than a couple of months during the year to which the raiyats are subjected, it is not possible to collect so much of dead-wood all at once as would last for one long season of six months. *I therefore decide that the right* to remove green wood in the reserve may be recognized only in the event of such wood not being available in the village and District Forests concerned. As leaf manure is an essential agricultural requirement in these parts for the cultivation of arecanut, it behoves us to make liberal provision for soppu of jungle wood from the tract in question. I accordingly concede to the raiyats concerned, all the privileges which the malnad raiyats have been enjoying under the Special Privileges Rules in the reserve in question. (Sd.) C. Revenue (Forest), dated 11th March 1913.

Venkataramaiah, resident of Pulkode, on behalf of villagers.	21st Dec. 1911.	States that they graze their cattle in the reserve on payment of Hulbanni of Rs. 1-4-0 per annum and requests free grazing in the reserve, should it be converted into a State Forest.	.....	This may be granted	Claims 2, 7, 10, 14 and 17. In the matter of grazing also, the rayats of these parts deserve concession. The levy of grazing fees prescribed by the Forest Department will operate as great hardship on them. In the first place the growth of grass is scanty and in the second place the cattle cannot stand the Malnad climate and consequently the mortality among them is very great in addition to the casualties caused by wild beasts. I, therefore, fix as shown below a moderate lump sum fees to be paid by each of the villages concerned, as at present they pay a nominal hulbanni:— Tallur Rs. 5, Number of cattle (964) Honur Rs. 5, Do (669) Shivalli Rs. 2, Do (196) Dasankodagi Rs. 2, Do (140) Shusthakiu Rs. 2, Do (163) (Sd.) Venkataramaiah, resident of Pulkode, hamlet of Tallur, on behalf of villagers.	Do	States that the preliminary demarcation line now passes through Survey Nos. 222 229 and 223 rather in close proximity to the Agumbi village, requests that this may be shifted further and also westwards near Survey Nos. 27 and 15 by about 5 chains, as these are areacanut gardens.	.....	According to the proposed line a thick jungle has already been left out close to the village. If it is necessary to deviate the line still further away, it may be taken along the eastern boundary of Survey No. 229 and along the cart-track up to the halla, where the cart-track touches it and thence continued as proposed.	In the village of Tallur the line now passes through a maidan Survey No. 222, which is the only place where grass can be said to grow plentifully and there is no tree growth in this locality as it is close to the village the cattle are driven there every day for grazing. Hence the exclusion of this portion of land from the reserve is considered absolutely necessary. I accordingly direct that the line be shifted at the south-west corner bandh of Survey No. 229 and be made to run along the western boundary of the said Survey No. 229 and Survey No. 222, up to the cart-track leading to the Honnaguddehalla; thence along the said cart-track up to the said halla; and thence along the left bank of the same halla till it meets the Agumbi High road. As the line touches the edge of cultivated gardens near Survey Nos. 2, 27 and 15 it will be shifted to a distance of 5 chains further away from the present position. (Sd.) C. Proceedings of the Government of His Highness the Maharaja of Mysore,

II. Correspondence ending with letter No. 4058, dated the 22nd November 1912, from the Conservator of Forests in Mysore.

No. R. 4910-14—Ft. 117-11-6, dated Bangalore, 11th March 1913.

Order thereon.—There have been no appeals against the settlement made by the Forest Settlement Officer, which seems to indicate that the people of the villages affected thereby have on the whole been satisfied with the settlement that has been effected. Government are pleased to sanction the recommendation of the Deputy Commissioner to allow the cattle of the Shuntibakkalu village free grazing in the State Forest. As regards the quantity of fuel and soppu which the raiyats of the villages affected by the reservation may be permitted to take free from the Forest, Government are inclined to accept, as fair, the quantities recommended by the Revenue authorities as they are stated to have been based on the minimum requirements of each household.

2. With these modifications, Government approve of the settlement made by the Forest Settlement Officer. The Forest will be declared a State Forest with effect from the 1st of April 1913, and the notification under Section 17 of the Forest Regulation will be published in the *Mysore Gazette*.

3. As the eastern boundary of the block is said to touch Survey Nos. 233 and 246 of the Hosur village, the Conservator is requested to see that in cutting the demarcation line sufficient margin is left between the line and the fields.

4. The assessment on the following survey numbers (assessed waste) which have been included in the forest will be written off the accounts:—

Village	Survey No.	Assessment. Rs.	a.	p.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ AGAIN—

Government Order No. Fl. 626-16—G. F. 365-07, dated the 5th August 1908, prescribing the rules for the grant of advances to touring officers for the purchase of motor cars.

READ—

Letter No. 3114, dated the 26th September 1912, from the Revenue Commissioner in Mysore, suggesting that the period of repayment of the motor car advance may be extended to eighteen instead of twelve months as at present.

No. Fl. 5026-71—G. F. 16-12-28, dated Bangalore, 10th March 1913.

ORDER THEREON.—The Government of His Highness the Maharaja consider that the existing rules about the grant of advances for the purchase of motor cars press heavily upon the officers taking such advances, in that, while the amount advanced is not in many cases sufficient to buy a fairly good car, the recovery in twelve instalments is rather hard upon them. In consideration of the fact that the possession of motor cars and motor cycles by touring officers is likely to save much of their time, which is now taken up in travelling, the Government of His Highness the Maharaja have decided to make the rules regarding the grant of advances for purchase of motor vehicles more liberal than they are at present. The following rules are therefore sanctioned :—

(1) An advance will be given only when the Government of His Highness the Maharaja consider that it is in the interests of the public service that the officer should use a motor car or motor cycle in the discharge of his duties.

(2) The total amount to be advanced to an officer shall not exceed rupees five thousand or four months' salary, whichever is less, for a motor car. For a motor cycle four months' salary or rupees one thousand five hundred, whichever is less, may be advanced.

(3) The advance so made will be recovered by deducting monthly instalments equal to one-thirty-sixth part of the advance from the salary bill of the officer concerned.

(4) Officers drawing the advance will be required to execute a bond in the form appended to this order.

(5) The whole advance must, in any case, be recovered within three years from the month following that in which it is made and shall not ordinarily be affected by the officer going on furlough or sick leave on half pay.

Correspondence ending with letter No. 6067, dated the 8th February 1913, from the Excise Commissioner in Mysore, submitting the entire records of enquiry, relating to the Inamdar's claim to the toddy Excise revenue of the Jodi Thornhalli village in the Malur Taluk, Kolar District.

No. FL. 5294-7—S. R. 208-11-5, DATED BANGALORE, 19TH MARCH 1913.

ORDER THEREON.—Government observe that the documents relied upon by the Inamdar regarding his claim for toddy revenue are not in his favour. There is no evidence to show that the Inamdar is entitled to the Excise revenue of the village.

2. Both the investigating officer (Mr. C. Srikanteswara Iyer, then Deputy Commissioner of Kolar) and the Excise Commissioner are of the same opinion. Government are accordingly pleased to direct that the Inamdar's claim be disallowed.

3. The Excise Commissioner is requested to submit a refund bill for the grove-farm rent which may be due to the Inamdar.

Correspondence ending with letter No. 6888, dated the 10th March 1913, from the Excise Commissioner in Mysore, submitting with his recommendation tenders received by him for the manufacture and supply of arrack to the State, including the Civil and Military Station of Bangalore, for a period of three years from the 1st July 1913 to 30th June 1916.

No. FL. 5412-21—S. R. 140-12-17, DATED BANGALORE, 28TH MARCH 1913.

ORDER THEREON.—As the present contract for the manufacture and supply of arrack in the State, including the Civil and Military Station of Bangalore, expires by the 30th June 1913, tenders were invited in Notification No. Fl. 4384—S. R. 140-12-8, dated the 5th February 1913, for the manufacture and supply of this liquor from 1st July 1913.

2. In response to this notification only three tenders were received, and the marginally noted rates tendered by Messrs. Haji Ismail Sait & Sons are the lowest and most favourable taking into consideration the high prices ruling the raw material market and the rates prevailing in the adjoining districts of the Madras Presidency. Government agreeing with the Excise Commissioner are pleased to accept this tender of Messrs. Haji Ismal Sait & Sons.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 33—E. C., dated the 17—18th July 1912, from the Provisional Secretary, Economic Conference, submitting for the orders of Government the resolution carried at the Birthday Session of the Conference of 1912 about the establishment of a State-aided Bank.

No. FL. 5121-73—B. 9-12-2, DATED BANGALORE, 12TH MARCH 1913.

ORDER THEREON.—The subject of creating banking facilities for the development of trade and industries within the State by utilizing local capital as far as possible, has been engaging the attention of His Highness the Maharaja's Government for some time past. The question of starting a State-aided Bank in Mysore was urged on the attention of the Economic Conference in the Dasara Session of 1911 by the Committee for Industries and Commerce. It was discussed at the Conference and referred by that body to a Special Committee consisting of the Members of the Industries and Commerce Committee and three other gentlemen including the Comptroller to Government. The subject was exhaustively considered by the Special Committee and a workable scheme was framed and submitted to the Economic Conference at the June Session of 1912.

2. The Conference in resolving upon the desirability of establishing a State-aided Bank recommend the grant of the following concessions to the Bank by the Government:—

(1) The Government to maintain in the Bank, for a period of fifteen years, a minimum balance of half the paid-up capital without interest and deposit another sum of five lakhs at a reasonable rate of interest, if required by the Bank.

(2) The rate of interest to be paid for deposits, if any, in excess of this amount and other terms for business between Government and the Bank may be arranged for for three years at a time.

(3) Government to pay half the working expenses of the Bank for the first five years.

(4) As far as possible, the Bank to be permitted to do treasury work wherever it has branches open.

(5) Whenever the Government has to collect interest on its investments, the Bank of Mysore to be given preference.

(6) Government to provide treasury guards, without charge, within the Mysore State without involving any liability for loss by theft, negligence, etc.

(7) Government to provide guards, free of charge, in places where there is no railway.

(8) Municipal and District Fund balances to be lodged in the Bank.

(9) Government to appoint an auditor, free of charge, every year to audit the accounts and submit a report to Government.

3. After having given the subject full consideration, the Government of His Highness the Maharaja are of opinion that the formation of a State-aided Bank to be called The Bank of Mysore, on the lines suggested and with its headquarters at Bangalore is desirable.

4. The Government will be pleased to grant the following concessions to the Bank when started:—

(i) The Government to maintain in the Bank, for a period of ten years, a minimum balance of half the paid-up capital, without interest, not exceeding five lakhs and to deposit another equal amount at a reasonable rate of interest, that is, not less than 3 per cent per annum, if required by the Bank.

(ii) The Government to pay half the working expenses of the Bank for the first five years and this contribution is not to exceed Rs. 10,000 per annum unless the special sanction of the Government is obtained to increasing the working expenses to more than Rs. 20,000 per annum.

(iii) The Bank to be permitted to do at district headquarters and other places approved by Government, such treasury work as may be decided upon from time to time.

(iv) The Bank to be given preference, as far as possible, in the matter of deposit of securities to be hereafter purchased by Government.

(v) The Government to supply treasury guards within the State and free escort for remittances between places not connected by railway for a period of five years and thereafter on payment of a reasonable charge, the Government not being held responsible for losses by theft, negligence, etc.

5. The Bank, on the other hand, will be required to consent to the following conditions. The concessions mentioned in the foregoing paragraph will continue only so long as these conditions are satisfied.

(i) To employ or invest or otherwise utilise at least 50 per cent of the capital, deposits and other funds at the disposal of the Bank within the limits of the Mysore State including the Civil and Military Station.

(ii) To appoint a duly qualified banking expert with the approval of Government to manage its affairs.

(iii) To its accounts being audited once a year, or more frequently by a person appointed by Government and to furnish Government as promptly as possible with all information and explanations and to produce for inspection of such person all accounts, documents, securities and other property of the Bank, as Government may require.

(iv) To obtain the approval by Government of the appointment of the President of the Directors.

(v) To publish such accounts as the Government may desire in the *Mysore Gazette* for the information of the public.

(vi) Not to engage in or enter into operations connected with foreign exchange.

(vii) Not to lend money on the security of immovable property.

(viii) To give due consideration to any advice that may be tendered by Government concerning the management of the business and employment and investment of the funds of the Bank.

6. In order to issue the necessary prospectus calling for shares, collect the required capital and to take necessary steps to bring the Bank into existence and to put it into working order, the following gentlemen each of whom has expressed his willingness to take shares in the Bank to the extent of Rs. 5,000 at least will form a Provisional Directorate. The initial expenditure will be raised by the Provisional Directors amongst themselves and on the formation of the Bank they will be entitled to recoup themselves either in shares or in cash and receive such promotion money as may be agreed to by the shareholders and approved by Government.

Dewan Bahadur Rajasabha Bhushana Mr. K. P. Puttanna Chetty, Chairman.

Mr. E. R. Subbroyer,
Mr. Mandi Hariyanna,
Mr. L Srinivasiengar,
Mr. M. Chengiah Chetty,
Mr. S. Narayana Rao,
Mr. Abdul Quddus,
with two more members to be added by selection by the above seven gentlemen.

Financial (Banking), dated 12th March 1913.

7. The capital of the Bank should be not less than 20 lakhs but operations may be started when the paid-up capital amounts to 5 lakhs. As soon as the Bank is started the confirmation of the Directors or the appointment of new Directors and the management of the Bank will vest in the shareholders as is usual in such cases.

8. The Government have no objection to the contents of this order being widely circulated in the prospectus and otherwise and to the advertisement of the fact that the institution is under the patronage of and in receipt of aid from the Government of His Highness the Maharaja. But it should be made clear to all concerned that the entire liabilities as well as the entire profits of the concern will be the shareholders alone. A note to this effect should be printed in the prospectus and on the back of the share application forms both in English and Vernacular.

9. The Government will, if required, for at least a year at the commencement, make available to the management of the Bank, such expert advice and co-operation as may be necessary to ensure its smooth working and development on sound business lines.

10. The Secretary of the Economic Conference will actively co-operate and do all that is necessary to help the Provisional Directors to bring the Bank into existence. An officer of the Account Department will also be associated to give advice in the initial stages of the organization.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 4th March 1913.

No. 7035-8—Ml. 295-12-1, dated Bangalore, 4th March 1913.

Order.—Government consider that in consequence of the multifarious and heavy duties ordinarily devolving upon the Deputy Commissioner of Mysore, he is unable as *Ex-officio* President of the City Municipal Council and Chairman of the Board of Trustees, to devote that amount of attention to the affairs of these departments which their importance and magnitude require.

2. The question therefore of appointing a separate whole time officer who can devote his undivided attention to these departments, has, for some time past, been under consideration and discussion and Government have come to the conclusion that this arrangement deserves a fair trial. Accordingly, they are pleased to direct that, as a tentative measure, Mr. T. G. Lakshmana Rao, Executive Engineer, 4th Class, temporary, be appointed whole time President of the Municipal Council and Chairman of the Board of Trustees.

3. A full report should be submitted on the result of the working of this arrangement after a year from this date, so as to enable Government to consider whether it may be advantageously continued, and, if so, whether the Board of Trustees may be amalgamated with the Municipal Council under suitable conditions.

4. Government direct that during Mr. Lakshman Rao's term of appointment as President of the Municipal Council and Chairman of the Board of Trustees, he be allowed a salary of Rs. 500 plus 100 local allowance per mensem.

5. On purely engineering questions, Mr. Lakshman Rao will receive his orders from the Chief Engineer.

READ—

Letter No. 279, dated the 28th December 1912, from the Deputy Commissioner, Chitaldrug District, stating that the Davangere Municipal Council accepted the explanations of some of their Councillors who absented themselves from attending more than four consecutive meetings or on the whole six meetings in the official year 1911-12, and condoned their absence but that neither Section 15, Sub-Section 2 (*e*) nor any other section of the Municipal Regulation seems to confer upon the Council the power to condone the absence of members, and soliciting instructions, in the circumstances, as to whether in a regulation municipality it is obligatory to remove such absentees from their offices or their absence may be condoned as in the case of members of the non-regulation municipalities and, if so, whether such power can be exercised by the Council itself and how the absence of *ex-officio* Councillors should be treated.

No. 7350-60—Ml. 18-12-9, dated Bangalore, 15th March 1913.

ORDER THEREON.—It is observed that the power of condoning absence unsupported by the leave of the Municipal Council previously granted, is inconsistent with the terms of Section 15, clause 2 (*e*) of the Municipal Regulation of 1906 and that it makes a distinction between a salaried servant of Government and a Councillor of any other description in this respect.

2. As regards official Councillors, Government desire to invite particular attention to their orders noted in the margin and to impress upon them that it is part of their duty to attend as many meetings as it is possible for them to do.

Para 3 of Government Proceedings No. 8144-52—L. B. 124-06-4, dated the 12th March 1907, directing that in selecting sites for extension of villages, it would be sufficient if the proposed sites are inspected and approved of by the Amildar or the Deputy Amildar concerned and the District Medical Officer, and the Local Board members consider such reports received from the Amildar or the Deputy Amildar and the District Medical Officer record a resolution thereon formally accepting their selection.

2. Government Proceedings No. 478-87—L. B. 127-06-7, dated the 15th July 1907, directing that the extension or shifting of villages and the creation of new ones be dealt with by the Revenue Agency direct, without the intervention of the District Boards.

3. Government Proceedings No. 7636-45—San. 132-08-2, dated the 10th February 1909, recording with concurrence the communication, received from the Sanitary Commissioner, stating that in the matter of selecting new sites for the formation, extension or removal of a village, in the interests of sanitation, it is highly essential that the opinion of a sanitary authority should be taken.

4. Subject No. 224 of the Dasara Representative Assembly Proceedings of 1911, representing that the order that the District Medical and Sanitary Officer should in each case approve of the sites intended to be acquired for the formation of the new villages or for the extension of the existing village sites is found to be impracticable and suggesting that the old practice of selection of suitable sites by the Amildars and the Assistant Commissioners be revived.

5. Letter No. 12765, dated the 10th May 1912, from the Revenue Commissioner in Mysore, stating that it may be left to the Deputy Commissioner to decide in which cases he should call for an inspection by the District Medical and Sanitary Officer.

6. Letter No. 1146, dated the 9th September 1912, from the Sanitary Commissioner, submitting for consideration of Government the points to be observed in selecting sites for village extension.

No. 6623-34—SAN. 94-12-7, DATED BANGALORE, 1ST MARCH 1913.

ORDER THEREON.—In modification of the previous orders on the subject, Government direct that, where the sites required for either the formation of new villages or the extension of existing villages are intended to accommodate not more than 50 houses, the opinion of the District Sanitary Officer need not be insisted on, and that it may be left to the Deputy Commissioner to decide about the suitability of the site at his discretion. But in cases, in which the new village site or the extension is required for more than 50 houses, the opinion of the District Sanitary Officer or of the Medical Officer of the District where there is no District Sanitary Officer should invariably be obtained.

Government Proceedings No. 10530-40—San. 99-04-16, dated the 16th May 1905, directing that the supply of hutting materials from the Forest Department to the Revenue for issue to the public in order to facilitate prompt evacuation of plague-infected villages, and prescribing the procedure for the adjustment of the cost of such materials.

2. Correspondence ending with letter No. 4636, dated the 6th December 1912, from the Conservator of Forests in Mysore, stating that the Government Order read above is interpreted by the Revenue Department in a manner very disadvantageous to the Forest Department and that the Revenue Department now deduct from the bill the cost of the materials returned after a long time to the Forest Department, a procedure unfair to the Forest Department, inasmuch as the depreciation in value of the materials resulting from the decline in their quality falls on it, and suggesting therefore that the Revenue Department may be directed to give full credit to the Forest Department for the materials supplied to them in the first instance and to dispose of the unutilised materials to the best advantage and to credit the sale proceeds to the Plague Funds instead of returning them to the Forest Department.

No. 6635-45—SAN. 54-12-4, DATED BANGALORE, 1ST MARCH 1913.

ORDER THEREON.—Government consider that the loss resulting from the sale of unused materials should not fall on the Forest Department which collects and supplies them at the cost of much labour and money and which is in no way responsible for the depreciation in value arising subsequent to their supply. The suggestions of the Conservator of Forests, which serve to economise correspondence and to secure equitable adjustment of cost between the Departments concerned, are hereby approved by the Government in modification of the Government Order dated 16th May 1905, read above.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Sanitation), dated 5th March 1913.

READ—

Letter No. 1808, dated the 31st October 1912, from the Sanitary Commissioner, submitting the Report on Plague Administration in the Mysore State during the year 1911-12.

No. 7051-9—SAN. 66-12-5, DATED BANGALORE, 5TH MARCH 1913.

ORDER THEREON.—The steady increase in the number of plague attacks and deaths, which was noticed last year, became more marked in the year under review, during which 14,041 deaths were reported as against 8,886 during the preceding year. This is the highest figure recorded during the past four years. The epidemic showed signs of decline during the years 1908-09 and 1909-10, but increased so much in virulence during the year under review that the mortality went up to the figures of 1907-08. The contribution of plague to total mortality, *viz.*, 12·15 per cent was considerably higher than in any of the preceding three years. The highest number of attacks and the highest number of deaths recorded in any one month was 3,121 and 2,273, respectively, and this occurred in October 1911, and the lowest 42 and 38 in May 1912. The Bangalore District suffered the most with 4,095 attacks and 3,366 deaths, and the Kadur District, the least with 742 attacks and 505 deaths.

2. From the figures furnished in respect of Kadur District, it is observed that the ratio of deaths per mille of the population is greater in urban than in rural areas, being 2·68 deaths in towns as against 1·63 in villages. Government desire that special attention should be devoted to the combating of plague in towns and to the prevention of its spread to villages.

3. The usual preventive measures were taken during the year. Evacuation of the affected areas is reported to have proved very effective, wherever it was adopted promptly. Government desire that local officers will impress more largely upon the inhabitants of infected villages, the importance of early evacuation and their reoccupation only after the lapse of a reasonable period.

4. The number of persons inoculated was 59,614 as compared with 54,614 in 1910-11, the greatest number of inoculations performed being in Bangalore District, which on account of the wide prevalence of the Epidemic in the district contributed the highest number of plague attacks and deaths. The statistics furnished by the Sanitary Commissioner for the Mysore City, show clearly that cases of mortality amongst the inoculated were very few. Government record with appreciation the help rendered by the gentlemen referred to by the Sanitary Commissioner in para 23 of the report and the good work done by the several inoculating officers, notably Messrs. R. Subba Rao and V. Muthusami Dass.

5. The total expenditure in connection with plague preventive measures was Rs. 31,790 as against Rs. 45,903 in the preceding year.

Government Order No. 1633-4—Edn. 37-12-2, dated the 20th August 1912, passing orders on the recommendations of the Education Committee of the Economic Conference regarding the improvement of Education in the State.

2. Letter No. 8518—463, dated the 1st February 1913, from the Inspector-General of Education in Mysore, submitting in accordance with the Government Order read above a Memo of his recommendations for utilizing the special grant of one lakh of rupees provided in this year's budget for the expansion of primary education in the State.

Memorandum embodying proposals to utilise the special grant of one lakh of rupees for the expansion and improvement of primary education in the Mysore State.

1. With reference to Government Order No. 1633-4—Edn. 37-12-2, dated 20th August 1912, approving of certain proposals made by the Education Committee of the Economic Conference and providing two lakhs of rupees in the State Funds budget of the current year for the expansion of primary education, one lakh for opening new schools and improving existing ones, and the other lakh for school buildings. I may state that steps have already been taken for the construction of the buildings and for working out the full grant made for the purpose before the close of the current official year. In Government Order No. 2637-7—Edn. 92-12-3, dated 8th October 1912, the type designs of buildings submitted by me were approved and in Government Order No. 5145-7—Edn. 184-12, dated 18th January 1913, the names of the places, where buildings are to be constructed subject to any modifications that circumstances may necessitate, have been approved.

2. In this memorandum, I submit my proposals for the utilisation of the one lakh of rupees provided for the expansion of primary education and in doing so, I may state that an attempt has been made to cover almost the whole ground referred to in para 1 of the Provisional Secretary's letter read in the first of the Government Orders referred to above.

3. The recommendations of the Education Committee approved by Government may be summarised under the following heads:—

(1) Starting of 1,000 elementary schools and improving 500 of the existing ones, (2) employment of men trained in Normal Schools as Inspecting officers and teachers, (3) establishment of a Boarding School at Mysore or Bangalore for Panchamas, (4) creation of greater facilities for female education in the shape of (*a*) Home education classes for women, (*b*) larger employment of women teachers and (*c*) the appointment of an Inspectress of Schools, (5) institution of a number of scholarships not exceeding Rs. 2 each for pupils of backward classes, (6) issue of Diplomas in the two first grade Colleges of the State.

4. With regard to the first recommendation, the starting of a thousand elementary schools and improving 500 of the existing ones, the proposal of the Education Committee is to provide for an expenditure of 7 lakhs of rupees during the next five years and of 2¼ lakhs a year after that period. The starting of a new school in any place, it needs scarcely be said is dependent on having a sufficient number of children willing to receive education, on there being a fairly suitable building and on a properly qualified teacher being readily available. The first limitation may be ignored for the present as there are nearly a thousand villages having a population of 300 or more inhabitants in which no schools exist, and in most of which the villagers are keen for the education of their children. The second limitation regarding buildings being available is a real one and hence in starting new schools, such of the places have to be selected first as have buildings ready. The third limitation regarding qualified teachers is an insuperable one for the time being and every effort has to be made to obtain a larger supply in future years than is at present forthcoming if the programme is to be worked out in full in five years as proposed by the Education Committee.

5. On account of these limitations which hinder progress it is proposed to open 141 new elementary schools as per Statement I. These include 42 schools for girls and 22 schools for Panchamas. Six out of the 42 girls' schools and 12 out of 99 boys' schools are for Mahomedans. 132 of the new schools will be in rural areas and the remaining 9 will be located at Taluk headquarter stations where they are needed. These latter stand as follows:—

(1) A branch Boys' School in Lingayet street at Dodballapur; 2 and 3 Hindustani Boys' Schools at Sringeri and Turuvekere, respectively; 4, 5 and 6 Panchama schools at

Nanjangud, Krishnarajpete and Magadi; 7 a branch girls' school in Devanga street at Dodballapur; 8 and 9 Hindustani Girls' Schools at Gundlupet and Devanhalli. It will be seen that adequate consideration has been shown to the claims not only of the various sections of the school-going population but also of a few large places in addition to villages. In the selection of places for the location of new schools, preference has been given to such villages as have offered to provide suitable buildings. Among the new schools, the 6 Hindustani Girls' Schools proposed have also been provided with a conductress each.

6. As for the cost of these schools it will stand as below:—

	Rs.
One hundred and forty-one teachers at Rs. 10 each	16,920 a year.
Thirty-six allowances to music teachers in girls' schools 6 at Rs. 7 and 30 at Rs. 5 each	2,304 a year.
Twenty-six allowances to teachers of Panchama Schools at Rs. 2 each with Rs. 2 local allowances for a school in the Kolar Gold Fields area	648 a year.
Two menials at Rs. 5 and 4 at Rs. 4 each	312 a year.
Cart-hire for two Hindustani Girls' Schools at Rs. 10 each ...	240 a year.
Rent for 56 school houses	2,088 a year.
Contingencies for 46 schools	447 a year.
Total ...	22,959 a year.

As regards the equipment needed for these schools, it is not possible to fix it exactly at this stage, the equipment of a school dependent to some extent on the nature of the accommodation provided for it. A lump sum provision of Rs. 15,000 out of the savings in the current year's special allotment of one lakh will, it is considered, suffice for the purpose.

It will also be observed that the pay proposed for all the masters is uniformly Rs. 10 and this is due to a scale of pay being proposed in para 12. If this scale is approved, masters who have been already in service or recruits possessing superior qualifications or who have undergone normal training on their own account will be given higher pay, and new men will generally be started on Rs. 10.

7. Next as regards the improvement of the existing schools, it is proposed to begin with to employ 73 additional teachers in those schools in which the staff is numerically weak, and where the need is imperative. Of these 73 new teachers, 19 are intended for schools at taluk stations, 6 being for Kannada Boys' Schools, 5 for Kannada Girls' Schools, 7 for Hindustani Boys' Schools and 1 for a Hindustani Girls' School, and 54 teachers for schools located in villages, 45 being for Elementary Kannada Boys' Schools, 4 for Elementary Kannada Girls' Schools, and 2 for Elementary Hindustani Boys' Schools. The remaining 3 teachers are needed, 1 each, for the primary classes attached to the Anglo-Vernacular Schools at Huliyar, Melkote and Birur. Provision has also been made for 11 menials for 11 of the existing large Village Elementary Kannada Boys' Schools.

8. For music and needlework teachers in rural girls' schools provision is temporarily made for 12 allowances for music, and 2 for needlework, as teachers possessing higher qualifications are not generally needed on fixed rates of pay for these schools and will not be available also. In rural areas it is enough for the present, for the girls to learn ordinary songs sung in Hindu households and a little needlework. Generally an allowance will be sufficient inducement to a village lady of sum respectability to teach the girls singing and needlework and the allowances mentioned have been fixed with due regard to local circumstances. It is hoped that after a few years, the class teachers themselves will be able to undertake this work in rural schools.

9. The detailed cost of the improvements indicated above is given in Statement II and may be summarized as below:—

	Cost per year Rs.
(*a*) Seventy-three teachers at Rs. 10 each	8,760
(*b*) Allowances to music teachers two at Rs. 10 each, and ten at Rs. 5 each	840
(*c*) Allowance to two needlework teachers at Rs. 5 each ...	120
(*d*) Menials—eleven new hands, and increases to seven existing hands	726
(*e*) Increase of rent for three buildings	48
Total ...	10,494

Local Fund and Sanitary (Education), dated 5th March 1913.

10. In order to obtain a larger supply of recruits with higher general culture as teachers for primary and middle schools, it is also proposed to make a beginning in this direction by adding Kannada Upper Secondary classes, two each, to the Anglo-Vernacular School at Davangere and the Government Kannada Middle School at Nanjangud. The Anglo-Vernacular School at Davangere is one of the largest Government Anglo-Vernacular Schools in the State, and the Taluk Kannada School at Nanjangud one of the most flourishing Vernacular Middle Schools. No further additional outlay is proposed for the opening of the Upper Secondary Classes in these schools than the strengthening of the staff of each school by the appointment of a graduate Head Master on Rs. 50 and two additional Assistants on Rs. 30 each at a total cost of Rs. 2,640 per annum as per Statement III. It is hoped that the raising of the standard of a few of the Middle Schools gradually will have a very beneficial effect on primary schools inasmuch as they tend to augment the supply of more highly qualified teachers than are now available for employment in them.

11. Then again, it has been found that the progress of primary education is much impeded for want of sufficient encouragement to the masters doing efficient or meritorious work. Many of the masters of primary schools have been without any promotion for the past several years, and at present regard the future with blank despair. Their claims for promotion are legitimate, but for want of a fairly definite scale it has not been possible to satisfy their requests though made with growing clamour. The practice now in existence of inviting proposals annually from the inspecting officers for promotions to masters, has been periodically a cause of recurring hopes and disappointments for the masters and is associated with considerable demoralising effect. To avoid such periodical unrest, an attempt has now been made to lay down a scale on rates of pay varying from Rs. 10 to Rs. 20 for rural and other teachers, and hereafter it will only be necessary to increase the number in each grade on a basis of percentage to be settled after the present proposals are sanctioned as new schools come into existence and as new hands are entertained.

12. A reference to the accompanying Statement III will show that out of 2,941 existing teachers, no less than 2,420 are getting only Rs. 10. I have with my letter No. 2479—136 of the 28th August 1912, submitted proposals for fixing a scale and grading the pay of the masters employed in Colleges, High Schools, Anglo-Vernacular Schools maintained from State Funds, and of the Inspecting Officers. In my present proposals, a similar attempt has been made for the ten Anglo-Vernacular Schools maintained from Local Funds, six Anglo-Hindustani Schools, and for the Vernacular Boys' and Girls' Schools, excepting the Taluk Hindustani Girls' Schools, which are now in a somewhat unsettled state and which can only be taken up after an Inspectress is appointed. Including the 141 teachers for 141 schools to be newly started as stated in para 5, and 73 additional hands required for the existing schools as mentioned in para 7, the total number of teachers comes to 3,155 and these are proposed to be distributed as shown in Statement IV.

13. The aggregate additional expenditure which the proposed revision entails is distributed as follows:—

	per annum. Rs.
(1) Village Elementary Boys' Schools	23,184
(2) Village Elementary Girls' Schools	2,100
(3) Local Fund Anglo-Vernacular Schools	1,896
(4) Anglo-Hindustani Schools	1,620
(5) Taluk Kannada Boys' Schools including Panchama Schools ...	5,736
(6) Taluk Kannada Girls' Schools	5,352
(7) Taluk Hindustani Boys' Schools	6,444
Total ...	46,332

This additional outlay is necessary to fix a scale once for all for the existing teachers, so that they may do good work with a contented mind and also in order to retain permanently men of higher qualifications in the service of this Department. It may be stated that hitherto no systematic attempt has been made to fix a regular scale of pay, and let each master know his exact position among his compeers.

14. Coming now to the second recommendation of the Education Committee, *viz.*, the training of teachers and Inspectors, it is proposed to depute a few of the latter every year to visit a Normal Institution in British India for such period as may be necessary. During the

period of their deputation, they will draw their own pay, and may be given an allowance to cover the cost of travelling and other expenses, their work being carried on by appointing acting men where absolutely necessary. The cost under this head cannot be calculated with any precision and a lumpsum provision may be needed in the budget which may be fixed in the next official year.

15. With regard to the training of masters, the question involves some complication which, however, cannot be avoided. It is a regrettable fact that the present system of recruiting students for normal training has failed to produce satisfactory results. A selection is usually made from among the teachers of Elementary Schools, and it often happens that the most inefficient teachers are selected under the belief that a course of training will greatly improve them. Experience, however, has shown that such teachers are incapable of profiting by the training they receive in the Normal School. Any expenditure that is incurred on training such teachers may be said to be literally wasted. This is not all. The stipends provided are so low that substitutes to whom the stipend of Rs. 5 or Rs. 6 a month really goes as pay are men of very poor qualifications who exchange places indifferently either as acting Police constables or acting village masters. As batches of teachers are selected for training year after year, the substitutes continue to hold acting appointments until they can claim and secure permanent places. A perennial supply is thus kept up of indifferent teachers. To check the growth of this evil, it is proposed to raise the value of the stipends all round so as to make them sufficiently attractive to men of higher calibre and attainments to come forward when they are not already employed in the Department and to make it possible to employ qualified substitutes when teachers already in service are selected for training. In future, young intelligent and energetic teachers will be selected for training whether they hold permanent or acting appointments, and only promising young men will be selected as substitutes on the understanding that they will not receive permanent appointments unless they undergo a course of training in the Normal School as soon as permanent incumbents return to their work. By this arrangement it is hoped that the efficiency of teachers in the lower grades will be vastly improved and that a number of young men will come forward on their own account also to undergo normal training in the hope of securing permanent appointments.

16. With these objects in view it is proposed to introduce a few variations in the number and rates of stipends in the Normal Schools at Mysore, Kolar and Shimoga. In the Mysore Normal School there are at present two classes for Pandits and two for Moulvis of the strength of 4 each on stipends of Rs. 7 each. The same number may be retained with scholarships of Rs. 12 each, however, so as to attract students of higher calibre and attainments.

Similarly in the two Upper Secondary classes, there are at present 27 stipendiaries in each, of whom 12 are Hindustani. The stipends are Rs. 6 each. The number of stipends may be raised to 30 on Rs. 10 each, the number of Hindustani stipendiaries being reduced to 7 in each class.

Again in the Upper Secondary Training class there are at present 27 stipendiaries on Rs. 6 each, 12 of them being Hindustani. The proposed number is 30 on Rs. 10 each, of whom 5 are to be Hindustani.

Similarly in the Lower Secondary Training class of the Mysore Normal School, there are 20 stipendiaries on Rs. 5 each. It is proposed to raise the number to 30 on Rs. 10 each, of whom 10 stipendiaries are to be Hindustani.

Lastly, in the English Training class there are at present 20 teachers for whom substitutes have been appointed in their respective schools on Rs. 10 in each case, and 10 private candidates receiving a stipend of Rs. 5 each. It is proposed to keep on the same number, 4 of them being Hindustani, with the following rates of stipends:—

3	stipends of	Rs. 15 each
5	do	Rs. 12 each
12	do	Rs. 10 each
10	do	Rs. 5 each

The stipends proposed are intended for substitutes who will receive Rs. 15 a month if F. A's or those that have completed the course. Rs. 12 a month, if Matriculates or those that have completed the High School course, or Rs. 10 a month if they have passed the Lower Secondary Examination in English. The stipends of Rs. 5 are intended for deserving private candidates who study on their own account to qualify themselves as teachers.

17. In the District Normal Schools at Kolar and Shimoga there are at present 30 stipends of Rs. 5 each in each school, 12 being Hindustani. While the number of stipends may remain the same, it is proposed to reduce the number of Hindustani stipendiaries from 12 to 10 in each school and to increase the value of the stipends from Rs. 5 to Rs. 10.

Local Fund and Sanitary (Education), dated 5th March 1913.

18. With regard to the Agricultural course of the Mysore Normal School, the proposals now made need special attention. At present 80 allowances of Rs. 3 each are provided for such of the students of the Mysore Normal School as learn agriculture in the Agricultural Farm attached to the school. This arrangement is unsatisfactory as on account of the distance between the school and the farm and over-pressure of work no great benefit can be expected to be gained by the students. It is therefore proposed to provide for a year's course of training in agriculture, in veterinary work, in co-operative methods and other useful subjects connected with rural life, for such students as may be selected, after the completion of their pedagogic training in the Normal School. Instead of 80 allowances of Rs. 3, it is proposed to provide 24 stipends at Rs. 10 each. The only additional expenditure this alteration entails will be the appointment of a Veterinarian for whom a pay of Rs. 30-2-40 will be needed.

19. Lastly, as suggested in Government Order No. 4316—Edn. 236-11-6, dated 13th December 1912, it is proposed to have permanently at Mysore a special Normal class for the benefit of intelligent teachers who have held permanent appointments in the Department for some years, but have had no opportunities of qualifying themselves by Normal Training. To this class selected teachers will be sent in batches of 40 for a short course of training which may extend up to three months Three such batches may generally be trained in a year. Special attention will be paid in this class to drawing, hand-work, gardening and kindergarten methods. The selected teachers will receive travelling allowances and pay but no stipends. No substitutes will be employed for them, their schools being closed for the short periods of their absence when other teachers are not available to carry on their work. The only additional outlay on account of this class will be the salary of an additional master who possesses the L. T. Degree and who may be given a pay of Rs. 75 per month.

20. If these proposals are accepted, the expenditure on Normal Schools will stand as indicated below :—

Proceedings of the Government of His Highness the Maharaja of Mysore,

The variations in the number of stipends are based on calculations relating to the number of hands generally required every year for replacements and for teachers of new schools. It may also be noted that it is proposed to reduce the number of stipends for Mahomedans in the Upper Secondary Classes from 24 to 14 and in the Upper Secondary Training Class from 12 to 5. These reductions are rendered necessary from the circumstance that the number of Hindustani Schools is comparatively small and that the proportion of trained and qualified teachers in these schools is already sufficiently large.

21. The third proposal of the Education Committee approved by Government relates to the establishment of a Central Boarding School for Panchamas. There is little need to dwell on the fact that the Panchamas are educationally the most backward of all classes of people. The most effective remedy in the case of these people appears to be to withdraw as many of the pupils that have passed at least the III Standard as possible from the depressing influences of their homes and place them in a well-managed Boarding School, the entire cost of which is met from the State revenues as no appreciable private endowments can be expected at present. It is therefore proposed to establish as an experimental measure one such school at Mysore, making in the first instance, provision for the admission of 30 pupils who, it has been ascertained can be readily found. Until some experience is gained it is difficult to calculate with any degree of accuracy the details of cost. As has been stated, the entire cost has to be found by Government and for this purpose a lump sum provision of Rs. 4,000 has been made for this institution for the first year's expenditure for house rent, for employing a staff of teachers, for the clothing and boarding charges of the pupils, for their travelling expenses and for unforeseen items.

22. As regards the remaining proposals made by the Education Committee Nos. 4, 5 and 6 mentioned in para 3 above it may be stated that in the new draft grant-in-aid code which has just been received from the Secretary of the Education Committee and which will shortly be submitted to Government, provision has been made for grants-in-aid for Home Education classes. As regards the larger employment of women teachers, this is being done at present as qualified women teachers become available to replace men teachers. There exists a provision of Rs. 1,500 also in the budget to give higher rates of pay to women teachers possessing the necessary qualifications who may take the place of men teachers. Regarding the appointment of an Inspectress, I have already proposed such an appointment in my memorandum revising the educational grades, submitted with my letter No. 2479-136 of the 28th August 1912. The fifth proposal of the Education Committee relates to the institution of a number of scholarships not exceeding Rs. 2 each for the backward classes. There are, however, at present 58 scholarships of Rs. 2 each and some of these are being utilized for Panchama boys also. There is no urgent need to provide more scholarships at present, and the question will again be considered as Panchama education developes. The last proposal about the issue of Diplomas in the two first grade Colleges is under correspondence between the Inspector-General and the Principals of the Colleges, and the necessary rules will be submitted to Government when they are finally settled.

23. To sum up, the following are the proposals now submitted for the sanction of Government :—

A. Opening of 141 new schools at an annual cost of Rs. 22,959 and with a lumpsum grant of Rs. 15,000 for initial equipment as per Statement I.

B. The entertainment of 73 additional teachers, and 11 menials and the granting of 12 allowances for music and 2 for needlework at a total cost of Rs. 10,494 per annum, as per Statement II.

C. The addition of Upper Secondary Kannada classes to the Anglo-Vernacular Schools at Davangere and to the Kannada School at Nanjangud, two each, and the entertainment of two graduate Head Masters and 4 Assistant Masters at a total cost of Rs. 2,640 per annum as in Statement III.

D. Fixing a scale of pay to teachers of elementary schools at a total cost of Rs. 46,332 per annum as in Statement IV.

E. Revision of the several courses of study in the Normal Schools at a total cost of Rs. 13,568 per annum as in Statement V.

F. The establishment of a Central Boarding School for Panchamas at Mysore, as an experimental measure, a lumpsum provision of Rs. 4,000 being provided for the purpose for the first year, for meeting approximate expenditure as in Statement VI.

The total recurring cost under all the above heads amounts to Rs. 99,993 per annum.

Local Fund and Sanitary (Education), dated 5th March 1913.

No. 7086-7—Edn. 251-12-2, dated Bangalore, 5th March 1913.

Order thereon.—The following proposals of the Inspector-General of Education are sanctioned:—

(1) The opening of 141 new Primary Schools at a cost of Rs. 22,959 per annum as per details given in Statement I.

(2) The appointment of additional hands, increases of pay and the grant of allowances for teaching music and needlework in girls' schools at a cost of Rs. 10,494 per annum as per details given in Statement II.

(3) The opening of Kannada Upper Secondary Classes in the Anglo-Vernacular School at Davangere and in the Government Kannada Middle School at Nanjangud for providing recruits with higher general culture as teachers for Primary and Middle Schools at a cost of Rs. 2,400 per annum as per details given in Statement III.

(4) The establishment of a Central Boarding School for Panchama students at Mysore as an experimental measure at a cost of Rs. 4,000 as per details given in Statement IV.

2. The proposal of the Inspector-General of Education to depute a few of the Inspecting Officers every year to visit selected Normal Institutions in British India for such period as may be necessary with a view to get themselves acquainted with the latest methods of Primary Education is approved.

3. The observations of the Inspector-General regarding the need for selection in future of young, intelligent and energetic teachers for training in the Normal Schools of the State are generally approved. His proposals for the improvement of Normal Training by the appointment of a Veterinarian on Rs. 30-2-40 for the Agricultural Training Course in the Mysore Normal School, the opening of a Special Normal Class at Mysore with a master on Rs. 75 for the benefit of intelligent teachers of the Education Department that have had no opportunities of qualifying themselves by Normal Training and the revision of the stipendiary allowances in the three Normal Schools of the State are sanctioned, the cost being Rs. 8,864 per annum as per details given in Statement V.

4. As regards the proposal of the Education Committee to institute a number of scholarships for the students of backward classes, the Government agree with the Inspector-General of Education that as a sufficient number of the existing scholarships are being utilized for Panchama boys also there is no urgent need to provide more scholarships in this direction at present, and that the question might again be considered as the education of Panchamas advances.

5. The attention of the Inspector-General is invited to the other suggestions of the Education Committee on the improvement of Normal Instruction and he is requested to submit his further views and proposals in the matter.

6. The recommendation to increase the salaries of the schoolmasters by revising their scales of pay at an additional cost of Rs. 46,332 per annum has to be deferred for the present. Some improvement in this respect appears necessary, but the subject requires to be dealt with separately. It is inexpedient to consider the subjects together as it would delay the disposal of the matter of opening additional schools.

7. The Inspector-General is further requested to submit proposals for opening more schools as soon as he can make arrangements to start them within the amount of the special grant available after the proposals now sanctioned are carried out.

Offg. Secy. to Govt., Gen. & Rev. Depts.

READ AGAIN—

(1) Government Order No. G. 488-535—G. M. 36-11-7, dated the 21st July 1911, directing that an annual conference of officials and non-officials be held to consider matters relating to economic developments in the State.

(2) Government Order No. G. 4058-109—G. M. 55-12-109, dated 25th January 1913, publishing revised rules regarding the constitution and the functions of the Mysore Economic Conference.

No. G. 5230-83—G. M. 279-12-1, DATED BANGALORE, 3RD MARCH 1913.

ORDER THEREON.—The work of the Economic Conference which was inaugurated in May 1911 has hitherto been carried on with a Provisional Secretary, who is also Secretary to the Agricultural Committee; but the work has now reached a stage in which it is no longer possible to continue this tentative arrangement. A proper unifying agency is necessary to co-ordinate the work of the three Central Committees and bring into harmony the measures to be undertaken by the Special Departments concerned with the development of agriculture, commerce and industries and also with general and technical education. A full time officer is moreover required as Secretary for attending to the several important schemes of economic improvement which are being investigated. The District Committees have to be placed on a thorough business footing and enterprise in the Taluks and Municipalities stimulated by creating Progress Committees. For these reasons Government have decided to appoint a Secretary to the Conference of the rank and status of a Deputy Commissioner for a period of three years and have been pleased to select Mr. C. S. Balasundaram Iyer, Officiating Deputy Commissioner, Tumkur District, for the office.

2. The Secretary to the Economic Conference will be *Ex-officio* Secretary to Government in all matters relating to the Economic Conference. All proposals submitted to Government from the Departments of Education, Agriculture, and Commerce and Industries will be dealt with by him. The General and Revenue Secretary will be requested to assign a sufficient number of clerks and menials from the establishment of the General and Revenue Secretariat for work under the *Ex-officio* Secretary to Government for Economic Conference.

3. Mr. K. Subba Rao whose services have already been of great value in the initial stages of the Conference and who thoroughly understands its requirements, will continue for the present in addition to his duties as Secretary to the Agricultural Committee, to work as Assistant Secretary with his grade pay as Assistant Commissioner and the local allowance of Rs. 100 which he is now drawing. Both the Secretary and the Assistant Secretary will be required to travel systematically through the districts and keep themselves in touch with economic work all over the State. Heads of Departments and Deputy Commissioners will be requested to afford them all reasonable facilities in their work.
